Mallam Jibril, who is also a numerologist, philosopher, soothsayer and spiritual hacker, added that the musician was therefore spiritually murdered for that specific purpose.

He further revealed that a significant number of the untimely deaths of young Ghanaian entertainers are spiritually-influenced.

The cleric went on to say that the deaths are caused by three “spiritual messiahs”, especially in cases in which someone wishes to occupy a position in the spiritual realm.

“Someone is seeking for an international position in the Illuminati society and needs to provide spiritual collaterals before that position. The only way is to kill the young and talented ones. Ebony's death is no exception”, he stated.

He further noted that the tragedies would continue if the murderers are not dealt with as a matter of urgency. “Why are all the tragedies on Thursdays? Why are all of them in the leap year?” he quizzed.

To deal with the matter, Mallam Jibril revealed that “two antelopes must be sacrificed on Thursday, February 22nd, 2018, by either Ebony's family or the government of Ghana. The meat should be roasted for mad men and women in the city of Accra.”

He claimed that the murderers would then confess to the media on the same day at mid-afternoon.

Alternatively, a fresh tongue of a buffalo should be roasted for three mad females in Accra. That, he disclosed, would yield the same results.
